DigiTech ASEAN Thailand 2022

In response to the continuous growth of the ASEAN digital technology industry, both public and private sectors led by the Ministry of Digital Economy and Society, the Ministry of Higher Education, Science, Research and Innovation, IMPACT, and business partners will host DigiTech ASEAN Thailand 2022, the ASEAN trade fair for business negotiations on technology and digital, on-site again after waiting for 2 years until the COVID-19 situation has improved. More than 150 leading technology and digital entrepreneurs, both Thai and international brands, will join the event under the theme "Connecting You with Global Tech and Digital Community." Academic seminars on as many as 80 interesting topics will also be held on 23-25 November 2022 at Building 7, IMPACT Muang Thong Thani. More than 5,000 participants are expected to attend.
